How do I modify my information for a commitment?

Volunteer Help · https://ivolunteer.com/support-docs/how-do-i-modify-my-information-for-a-commitment/

Depending on the organization's settings, you can make changes to your volunteer signup by signing into your My Commitments portal with your email address. Select the signup slot you want to change.

To modify the information you entered:

1. Click on the **+** (plus) sign next to the commitment / slot to expand it.
2. Click the **Edit** button.
3. Make your chages and press the Save button.

*Note: If you do not see an **Edit** button it is because self cancellation is not allowed, and therefore editing is also not allowed, by the organization.* ***Please contact your event administrator if you need further assistance.***
